HOW TO ACCESS A HOME CARE PACKAGE

Triple A Care has developed the following detailed steps as a guide to the process you will need to follow to access support through a Home Care Package:

Step 1 - Contact Triple A Care.

We understand that the process of accessing Home Care can be lengthy and challenging at times. We can work in partnership to guide you through the entire process to meet your needs.

Step 2 - Referral from GP. Please contact your GP to get a referral for the Aged Care Assessment Team (ACAT).

Step 3 - ACAT Assessment. You will require an assessment to evaluate your care needs. This will be conducted by the Aged Care Assessment Teams (ACAT) based at all the hospitals. Once the assessment is completed this will be lodged with Myagedcare and you will join the National System to have a Home Care Package assigned to you.

Step 4 - Call Myagedcare. This is a service established by the Australian Government to help people navigate the aged care system and allows you to access home care support. Myagedcare can be contacted via phone on 1800 200 422 or using the internet at www.myagedcare.gov.au

Step 5 - Assigned Home Care Package. Once you have been assigned a Home Care Package you will receive a letter from Myagedcare confirming this.

Step 6 - Income Tested Fee. Home Care Packages are subsidised by the Australian Government, however people with higher incomes may be asked to pay a contribution to their service provider. This contribution will go towards the cost of your Home Care Package and will be in addition to the basic fee (capped at 17.5% of the single person rate of the basic Age Pension). You can check this with Centrelink.

Step 7 - Choose a provider. Once Home Care Package has been assigned to you, please contact Triple A Care to discuss your care needs.

Step 8 - Plan your package. Triple A Care can offer you a range of care options based on Home Care Levels 1 to 4 and set some specific life goals in collaboration with you and your family as part of your package.

Step 9 - Receive Home Care Assistance. Start benefiting and enjoying the services Triple A Care can offer you.

Eligibility for a Home Care Package

Home Care Packages are available to people of all ages. There are no citizenship or residency conditions, however Home Care Packages are not designed for people who are visiting Australia or for short term or temporary care.
